BRIEF ABSTRACT OF LETTER.

Enquires whether 997 bags of salt may be sold in retail or disposed of wholesale to local merchants allowing a surplus of 4 to 6 as a bag.

NOTES AND ORDERS.

It is not known whether the total cost incurred includes the price of gunny bags. The market rate of madras salt is reported to be about 25 seers a rupee. If the salt is disposed of wholesale, the transaction is likely to

5) I do not think it ~~will be possible~~ undesirable for the Government to undertake the retail sale of the salt which has been obtained by the Director of Civil Supplies. The best course will be to distribute the stock among a number of merchants on condition of their selling it to the public at a moderate profit as proposed by the Director of Civil Supplies.

6) A doubt is raised in paragraph 1 of the notes whether, with the present market rate for Madras salt, it will be possible at all to dispose of the stock we have got without loss. ~~It~~ This is a point for local investigation and enquiry.

Sales may be arranged at Mysore and a few other important places (e.g. K.G. Fields, Davangere) as well as at Bangalore.

Director of Civil Supplies and Controller of Prices in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

S i r ,

Adverting to correspondence ending with my letter No. 5560/2 of the 20th instant re supply of salt to the State, I have the honour to submit that 997 bags of salt out of 1,000 ordered were received here on the 23rd December 18 and delivery has been taken of the consignment also. I have taken necessary steps to find out where the three remaining bags are detained and I shall report as soon as I hear from the Railway authorities.

Each bag weighs 2 maunds net or 64 of our measuring seers. The total cost of the above consignment delivery at our depot works out as follows:-

Cost of 1000 bags at Madras	Rs3750-0-0
Railway freight	,, 715-1-0
Cart hire etc to the depot at Bangalore.	,, 135-0-0
Total cost price.	..4600-1-0

or Rs.4600 for 64000 seers which works to 13 21/23 seers per rupee.

The present retail sale of Bombay Salt in the market is 10 seers per rupee and the wholesale rate is Rs.6/- per bag of 75 seers while the Madras Salt will work to Rs.5-6-5 per bag of 75 seers. I solicit orders of Government as to whether the salt now received may be sold in retail and if

so at what rate or whether the whole consignment may be disposed of wholesale to local merchants allowing them a small profit of 4 to 6 annas per bag. If it should be decided that the salt should be sold in retail, I beg to be enlightened as to whether the Food Controller may be requested to make the necessary arrangements in the matter.

I have the honour to be,
